

## **PRJCT Amsterdam is looking for a producer!**

PRJCT Amsterdam is a young baroque ensemble around countertenor Maarten Engeltjes, founded in 2017. The ensemble is formed by a permanent core of young, outstanding baroque musicians. PRJCT Amsterdam stands for imaginative programming and world-class concerts. In doing so, artistic leader Maarten Engeltjes often seeks collaboration with other experienced, internationally established top musicians, as concertmaster and/or soloist.

For the coming years, PRJCT Amsterdam has a large number of plans, ranging from CD recordings and various concerts to larger projects. World stars like Rolando Villazon and Lenneke Ruiten will collaborate with us. Recently we already made our debut in prestigious concert halls and festivals such as Bachfest Leipzig, Thüringer Bachwochen, Kölner Philharmonie and the Concertgebouw Amsterdam. And for this, we are looking for support!

### **Your job at PRJCT Amsterdam**

As a producer, you are supporting all practical and organizational work within PRJCT Amsterdam. In coordination with the artistic director and business director, you ensure the smooth preparation and organization during tours at home and abroad, you are the point of contact for the musicians and you support the marketing.

PRJCT Amsterdam is a compact, young organisation that works together flexibly and values an informal atmosphere. All our concerts take place on a project basis, which ensures that there are busy and less busy moments throughout the year.

Our years as a *start-up* are behind us and we are growing into a *scale-up*. And in doing so, we are looking for someone who will help us move forward with enthusiasm, ideas and an entrepreneurial spirit.
